Spectacular Views

Located on the Shanklin coastline of the Isle of Wight, the Cliff Hall Hotel offers magnificent panoramic sea views and the very warmest of welcomes. Stay with us while you visit the Isle of Wight and you will see why so many of our customers come back again and again.

Built in 1854 and still containing many original features, this traditional, family run hotel boasts the most spectacular views of the south coast of the Island. The position is perfect for Shanklin Old and New Towns and overlooks Shanklin Esplanade and the beach. Shanklin Old and New Towns also offer a variety of shops, pubs and restaurants all within walking distance.

Our heated swimming pool and games room (inc. a full size snooker table) is exclusively for residents use.

Accommodation

We have 26 guest rooms within the hotel, including triples, doubles, singles, twins and family rooms. Some with king sized beds. Cots and high chairs are provided free of charge. All rooms are comfortably furnished with over 40% of them offering sea views. Many of the rooms have outlooks towards Sandown Bay, Culver Cliffs and Shanklin Chine. You can also enjoy the fantastic sea views either from our garden, dining room or conservatory.

Quality Food & Drink

We pride ourselves on our home cooked fresh food. A varied menu, complemented by a good wine list and well stocked bar is one of the main reasons our guests return many times.

Our dining room, which takes full advantage of the wonderful pool and sea views has an informal atmosphere, so you can relax in the way that you choose. A breakfast buffet service is available for juices, cereals and fruits plus a full hot breakfast menu is also available. In the evening we serve a varied four course meal.

In July/August only, apart from the exclusive bed and breakfast package we also offer an extensive more varied lunch menu between 12:30 to 2:30pm. This can be served inside, in the garden or poolside.
